Introduction

At Making Rallying Cheaper recognises that social media is an important tool for all club members to engage with each other and the club.

Making Rallying Cheaper encourages club members to use social media and other channels to promote themselves, the club, the clubs events and the sport.

Making Rallying Cheaper provides a service to all members by actively utilising Facebook, Instagram, TikTok and WhatsApp as well as websites to promote its work and activities.

The organisation is committed to providing a safe, fair and fun online space for Making Rallying Cheaper members. This includes safeguarding the welfare of young people who engage with the organisation on any social media and websites used by the Making Rallying Cheaper Club.

Making Rallying Cheaper recognises that this policy can be continuously developed and will review this document again by 07/01/2027 or after the outcome of any serious issue or incident as a result of the use of social media sites by Making Rallying Cheaper community.

To complement this policy, Motorsport UK has produced a Social Media Guidance document to provide the community with further information on how to engage appropriately online.

The Policy outlines:

- The social media channels managed by the Making Rallying Cheaper Club members
- How Making Rallying Cheaper manages its social media channels and who is responsible
- The principles that Making Rallying Cheaper follow in monitoring all channels
- Reporting procedures to follow if any abusive or illegal content or activity has been identified by Making Rallying Cheaper members, Motorsport UK or community members

Our team closely moderates our online community across all digital platforms and ensure the interaction and engagement on our social media channels are in line with our policy.

This policy is endorsed by the Making Rallying Cheaper Club.
